In re application of: Friedman et al. **Group:** 2186
Serial No.: 09/701,200 **Examiner:** Tuan Thai
For: **REGISTRY MONITORING SYSTEM AND METHOD.**

1. This action is responsive to amendment filed March 23, 2006. Claims 3, 7, 11 and 15 have been canceled. Claims 1-2, 4-6, 8-10, 12-14, 16-18 and 20-35 are now allowed.

REASONS FOR ALLOWANCE

2. The following is an Examiner's Statement of Reasons for Allowance:

The prior art of record does not teach or suggest, alone or in combination, **all** the limitations of the amended independent claims of the current invention (claims 1, 5, 9, 13, 17, 21 and 29). Particularly, none of the prior arts of record disclose a system and method of monitoring a registry comprises requesting handle for a registry key to a calling process, requesting a registry key value for the handle and obtaining security clearance to complete the requests, wherein at least one

Art Unit: 2186

security clearance parameter has an adjustable threshold which being adjustable by a system command in association with one or more of the requests, and wherein obtaining the security clearance includes determining a process ID and registry key value, determining whether the process is secured by checking a secured process list; if the process is secured, determining whether the registry key is on the rejection list; and if the registry key is on the rejection list, denying the process access to the registry key value, if the registry key is not on the rejection list and the process is on the secured process list, processing the value request and determining whether the value is on the rejection list; if the value is not on the rejection list, allowing the request to be completed, and if the value is on the rejection list, denying access to the registry value. In light of the foregoing, claims 1, 5, 9, 13, 17, 21 and 29 of the present application are found to be patentable over the prior arts.

Claims 2, 4, 6, 8, 10, 12, 14, 16, 19-20, 22-28, 30-35 further limit the indicated allowable independent claims. These claims are therefore allowable for the same reason as set forth above.
